### Achmea Bank and Able sign agreement for implementation of EuroPort+

TILBURG – Achmea Bank and Able have signed an agreement for the implementation of EuroPort+ as a new system for the administration of savings products and payment system for Achmea Bank.

EuroPort+ is an administrative platform for wealth management. Through the partnership with Able, Achmea Bank aims to improve customer service and achieve a structural cost reduction.

The implementation of EuroPort+ will lead to job losses at Achmea Bank. The implications for the workforce and the organisation have been submitted to the Achmea Work Council for its advice. This reduction falls within the previously announced reductions of jobs at parent company Achmea.

Achmea Bank currently services a savings portfolio of around 5 billion Euro and has the ambition to grow further.

Further financial details will not be disclosed.
